INVITATION

Dear Colleagues,

It is our distinct pleasure to invite you to The 5th World Congress of the ILLS & The 3rd International Consensus Conference on MLR (ILLS 2025), to take place from Tuesday, June 24, to Friday, June 27, 2025, at COEX, in Seoul, Korea.

The ILLS Congress is a premier global event, hosted by the International Laparoscopic Liver Society (ILLS), an organization established to advance laparoscopic liver resection techniques and contribute to humanity's well-being through the enhancement of patient care and quality of life. ILLS 2025 will be the first time this prestigious congress is held in Korea since the society's inception in 2016, offering a unique opportunity to highlight Korea's cutting-edge medical innovations on the global stage.

We are expecting more than 1,000 surgeons and leading experts from academia, industry, and research, representing over 30 countries, to join us. A key highlight of the event will be the "MLR Consensus Meeting," where groundbreaking guidelines for laparoscopic liver resection will be presented, marking a significant milestone in the field.

For our valued partners in the medical device and pharmaceutical industries, ILLS 2025 offers a unique platform to showcase your company's innovative products and cutting-edge technologies to a global audience of thought leaders and healthcare professionals, enhancing your corporate presence internationally. The Organizing Committee is dedicated to providing a variety of tailored programs and resources to maximize your brand's visibility and impact throughout the congress.

We warmly invite your active participation in ILLS 2025, which is set to become the focal point of the global laparoscopic liver surgery community in 2025.

Thank you, and we eagerly look forward to welcoming you to Seoul, Korea.

CONGRESS OVERVIEW

The World Congress of the International Laparoscopic Liver Society (ILLS) is a biennial global congress that brings together liver surgeons from around the world to advance the techniques of laparoscopic liver resection, aiming to improve patient care and quality of life, and ultimately contribute to global health. The congress is organized by the International Laparoscopic Liver Society (ILLS), which was established to promote these objectives.

ILLS 2025 will be the first time this congress is held in Korea since the founding of ILLS in 2016. It is anticipated to be the premier global event in the field of liver resection, with over 1,000 surgeons and experts from academia, industry, and research representing 30 countries gathering in one place.
